Marshalls Nurseries  
Arlington, Nebraska

FAIR  
MAY 23 1937  
Established 1887

Marshalls Nurseries are located on high table land, two miles east of Arlington. This soil is of the famous Loess type, which produces heavy fibrous roots. The roots on all Marshall trees and plants are superior.

OFFICES—One-half block north of  
Northwestern Depot.

**BOOK ORDERS EARLY**

No nurseryman can carry a complete stock of everything all through the entire season. It is easier to sell a customer four months ahead of delivery date than to sell just before shipment. It costs the customer **NOTHING** to order early. Early orders receive complete protection on varieties and are always filled with best grades. Book your orders early and avoid loss and disappointment.

**TERMS OF PAYMENT—CASH ON DELIVERY**

Transportation charges are paid if shipped in a regular delivery. Single shipments over \$10.00 in Nebraska, Iowa and South Dakota. On orders of \$20.00 or more in other states.

We ship only in the spring.

**ENTOMOLOGIST CERTIFICATE**

We have the state inspector's certificate showing our stocks to be free from San Jose scale and other plant diseases or dangerous insects and attach facsimile copy to each shipment.

**GUARANTEE OF GENUINENESS**

If any nursery stock, etc., proves untrue to description under which it is sold, we hold ourselves in readiness on proper proof, to replace all such nursery stock, etc., that may prove otherwise, or refund the amount paid, but we shall in no case be liable for any sum greater than the amount originally received for said nursery stock.

This price list cancels previous quotations.

**NOTES FOR SALESMEN**

1. Confine sales strictly to sizes and varieties in this list.
2. Be sure to give postoffice, R. F. D., Dates, Distance from delivery point and customer's name. Be careful to write sizes in order as they are listed in this Price List, and do not under any circumstances write even size, as 5 feet, 6 feet, 18 inches. All improperly written orders made by salesman will be returned for correction.
3. Confine your sales to central delivery points. Avoid making deliveries at every little town.
4. Draw a line through any stock when we are sold out to help prevent any further sale.
5. Report any complaint you may have that you can not adjust satisfactorily with customer.

# A FEW FACTS

## OF INTEREST TO SALESMEN

**MARSHALLS GOLDEN RULE**  
**"SUGGEST STOCK THAT**  
**YOU WOULD PLANT"**

### Suitable Distances for Planting

Apples .....	25 to 35	feet
Pears .....	18 to 20	feet
Peaches .....	16 to 18	feet
Cherries .....	15 to 20	feet
Plums .....	12 to 20	feet
Grapes .....	6 to 10	feet
Hedges .....	12 to 18	inches
Currants .....	3 to 4	feet
Gooseberries .....	3 to 4	feet
Raspberries, Red .....	3 by 4	feet
Raspberries, Black .....	3 by 6	feet
Blackberries .....	3 by 6	feet
Strawberries .....	1 by 3	feet
Asparagus .....	1 by 3	feet
Rhubarb .....	3 by 6	feet

### Number of Trees or Plants on an Acre.

2 feet each way	10,790	12 feet each way	302
3 feet each way	4,850	15 feet each way	194
4 feet each way	2,723	18 feet each way	135
5 feet each way	1,742	20 feet each way	110
6 feet each way	1,210	24 feet each way	71
8 feet each way	680	32 feet each way	40
10 feet each way	430		

To ascertain the number of plants required to the acre at any given distance, divide the number of square feet (43,560) in an acre by the number of square feet you desire to devote to each plant. For instance in strawberries planted 1 by 3 feet, each hill will occupy 3 square feet, making 14,520 plants to the acre.

We do not offer to our customers the lighter grades of nursery stock as offered by some mail-order concerns. We handle only heavy, properly headed, well balanced and well rooted stock such as we would plant ourselves—the kind that is sturdy, will grow readily and requires the minimum

of shaping and training. We do not solicit parcel-post orders and it is not necessary that we ship the light grades. We do not believe in that kind of stock. We feel that this policy pleases our customers and has been a basis for our steadily increased patronage. We like to have customers visit our nurseries to see the pride we take in raising trees and plants. No expense or time is spared to produce the best and we invite comparison.

### **Apples, Crab Apples and Peaches**

<b>Grades</b>	<b>Each</b>	<b>Dozen</b>	<b>Per 100</b>
Specimen .....	1.25	14.00	95.00
5-6 feet .....	1.00	11.00	75.00
4-5 feet .....	.75	8.00	60.00

**ANOKA APPLE**—New dwarf variety, fully as good as Duchess. Apple good size. Can be used for cooking. Can be planted in the small yard. Pretty bloom, hardy. Prof. Hansen variety. Bears second year. Height 10 to 15 feet. Price for 4-5 ft. trees \$2.00 each.

### **Leading Summer Varieties**

Chenango, \*Liveland, \*Duchess (Oldenburg),  
\*Yellow Transparent.

### **Leading Fall Varieties**

Bell, Maiden Blush, \*Utters, Snow (Fameuse),  
\*Ramsdell Sweet, \*Wealthy.

### **Leading Winter Varieties**

Ben Davis, Black Twig, \*Delicious, Gano,  
\*Grimes Golden, Janet, \*Jonathan, Northwestern,  
\*Salome, Staymen, Talman Sweet, \*Winesap, Windsor, York Imperial, King David.

### **Leading Crab Apples**

\*Florence, \*Whitney.

Plant Apples for blossoms, plant for fruit, plant for shade.

### **IT PAYS TO PLANT FRUIT STOCK**

We believe in fruit orchards in this country to the extent that we have just recently planted a 100-acre apple orchard.

**CHERRY**

<b>Grade</b>	<b>Each</b>	<b>Dozen</b>	<b>Per 100</b>
Specimen .....	1.50	16.00	120.00
Select .....	1.25	14.00	95.00
X .....	1.00	11.00	75.00

The Specimen Grade is the largest and best balanced three year old trees.

The Select Grade is 4½ to 6 feet in height depending upon the variety and season. A first class tree with heavy body and good head.

The X Grade is a size smaller than the Select Grade but well-limbed.

**Leading Varieties**

\*Early Richmond, \*Montmorency.

**ZUMBRA CHERRY—PLUM**

<b>Grade</b>	<b>Each</b>	<b>Dozen</b>
Specimen .....	2.50	27.00
Select .....	2.00	22.00
X .....	1.50	17.00

**PLUM**

**Compass Cherry Plum and \*Hansen Bush Plums**  
(Sapa and Opata).

<b>Grade</b>	<b>Each</b>	<b>Dozen</b>
Specimen .....	1.50	17.00
Select .....	1.25	14.00
X .....	1.00	11.00

These varieties having sand-cherry blood are inclined to grow in bush form rather than in tree form like other plums, consequently the nursery trees can not be graded in height as other plums

**Standard Plum and Apricot**

<b>Grade</b>	<b>Each</b>	<b>Dozen</b>
Specimen .....	1.50	17.00
5-6 feet .....	1.25	14.00
4-5 feet .....	1.00	11.00

Leading varieties, Omaha, Wyant, Wolf.

The hardy varieties are indicated by an asterisk (\*)

**TOKA**

A new Hansen production with apricot flavor. Quality unsurpassed. Very hardy. A fine upright tree.

<b>Grade</b>	<b>Each</b>	<b>Dozen</b>
Specimen .....	2.00	22.00
5-6 feet .....	1.50	17.00
4-5 feet .....	1.25	14.00

**PEARS—STANDARD**

<b>Grade</b>	<b>Each</b>	<b>Dozen</b>
Specimen .....	1.50	17.00
5-6 feet .....	1.25	14.00
4-5 feet .....	1.00	11.00

**Leading Varieties**—\*Clapp Favorite, \*Flemish Beauty, Kieffer, Sheldon. Bartlett is high quality but blights to death in Nebraska.

**PEARS—DWARF**

<b>Grade</b>	<b>Each</b>	<b>Dozen</b>
Dwarf Pears, No. 1.....	1.50	16.00

**Leading Varieties**—\*Duchess, Clapp Favorite, Seckel, Kieffer.

**RUSSIAN MULBERRY**

<b>Grade</b>	<b>Each</b>	<b>Dozen</b>
5-6 feet .....	.75	8.00
4-5 feet .....	.50	5.00

**GRAPES**

<b>Grade</b>	<b>Dozen</b>	<b>Per 100</b>
*Concord, 2 yr. ....	3.00	20.00
Concord, 1 yr. ....	2.00	14.00
Other Varieties, No. 1 .....	4.50	30.00

Concord leading grape. Beta extra hardy but not equal in quality to Concord. Other Black Grapes—Moore and Worden. Red Grapes—Agawam and Brighton. White Grapes—Pocklington and Niagra.

**PACKING**

Every customer's order is individually packed. All trees and plants are enclosed in heavy paper and burlap, with damp moss about the roots to prevent stock from drying out.

**CURRENTS**

<b>Grade</b>	<b>Dozen</b>	<b>Per 100</b>
2 yr.	4.00	25.00
Perfection	6.00	

**Leading Varieties**—\*North Star, \*White Grape.  
**GOOSEBERRIES**

<b>Grade</b>	<b>Dozen</b>	<b>Per 100</b>
2 yr.	4.00	25.00

**Leading Varieties**—\*Carrie, Downing, \*Houghton  
The hardy varieties are indicated by an asterisk (\*)

**RASPBERRIES**

<b>Grade</b>	<b>Dozen</b>	<b>Per 100</b>

**Hybrid Tea and Hybrid Perpetual Roses  
should be protected by 12 in. of dirt for  
winter.**

**Marshalls Nurseries are recognized as spe-  
cialists in Landscape Development work.**

**We can point with pride to homes, parks,  
cemeteries, school grounds, etc., built with  
nature's tools by our Landscape Designers  
all over this middle west.**

**IT'S NOT A HOME TILL IT'S PLANTED**

A variety of trees and shrubs are as essen-  
tial on the lawn as furniture, rugs and pic-  
tures are in the house.

The hardy varieties are indicated by an asterisk (\*):

**Fifteen Reasons Why Marshalls Nurseries Can Best Serve You**

1. Old, established company,—since 1887.
2. Marshalls Nurseries are located on high land with soil particularly adapted to tree and plant growth.
3. Marshalls grow stock that has proven its adaptability for the Middle-West.
4. Marshalls grow the most complete line in the West,—they grow what they sell.
5. No expense is spared in propagation, cultivation and training to produce the best,—vigorous and dependable stock.
6. Marshalls put out Better Built tops and Better Built roots. They do not send out weak—parcal-post sizes.
7. Marshalls equipment for handling and packing out nursery stock is the best. Stock must be handled right as well as grown right.
8. Each order is carefully packed in sphagnum moss and wrapped in moisture proof paper, then in burlap to withstand long shipment without injury.
9. Marshalls have specialists in charge of every department,—no better trained nurserymen in the business.
10. Marshalls are in close touch with the leading horticulturists of America and maintain trial grounds at the nursery, so are thoroughly posted on the latest developments.
11. Marshalls have grown fruit commercially for 35 years and know the planters problems.
12. Only honorable men are kept on the territory to serve you. They receive special horticultural training and are expected to help you with your problems.
13. Marshalls have "Certified Landscape Service"—the best in the West. Only trained men are allowed to make designs for landscape service. Any representative making a sketch calling for stock amounting to more than \$50.00 is required to send it to the house to be certified.
14. Marshalls can refer you to numerous large and small orchardists and thousands of home owners who believe in Marshalls Better Built Trees and Plants.
